

## **Construction (Design and Management) Regulations 2015.**

**Duration: One day.**

### **Course overview:**

Anyone having construction or building work carried out has legal duties under the Construction (Design and Management) Regulations 2015. Everyone in construction needs to know about the new construction health and safety regulations.

The course is designed to provide delegates with a good understanding of general Health and Safety legal requirements and their application to themselves and the other parties involved in the construction industry.

### **Course content:**

Upon completion the delegates will have gained knowledge of:

- The principles of CDM.
- Duties of the Client.
- Duties of the Principal contractor
- Duties of the Principal designer and designers.
- Duties of Contractors and workers.
- The construction phase health and safety plan.
- The health and safety file.

The training enables the delegates to be aware of the requirements of The Construction (Design and Management) Regulations upon completion.
