## **Health and Safety for Managers.**

**Duration: One day.**

### **Course overview:**

For an effective health and safety culture to be implemented in any organisation, managers need to understand their collective role in delivering the health and safety policy and its associated arrangements.

This course aims to raise managers' awareness of their role in communicating and implementing health and safety policies and procedures within their organisation.

### **Course content:**

Upon completion the delegates will have gained knowledge of:

- Health and safety system benefits.
- Health and safety legislation and policy.
- HSG65.
- Enforcement and penalties.
- Risk assessments.
- Accident causation and prevention.
- Accident investigation.

Successful completion will prepare delegates to look carefully at their own work activities and contribute to the organisations health and safety management system.

### **Course booking:**

Please contact one of our team for further details, course prices and booking arrangements on 01384 686039.
